Do not set up QuickTables at this time

Course Specific Settings

No settings available for this course product.

NOTES:

- Under **Course Product**, select the ALEKS course you want to use with your students. For more information about our courses, go to http://www.aleks.com/k12/course_products.
 - The **Name** can be whatever you want to call your course.
 - The **Dates** are used mainly for access and archiving. They do not have to be exact.
 - The **Subscription Length** will depend on what your school is using: **K12 – 12 Month**.
 - Adjust the **QuickTables** to the settings you prefer or choose “Do not set up QuickTables at this time”
5. Select Continue to Class Summary unless you want to customize the class.
